### **Workshop descriptions**

#### **Understanding co-op financial statements for non-accountants**

**Feb 21, 2026 1:00-3:00pm EST**

Have you ever wondered what your housing co-op's financial statements really mean? This webinar will unlock the mystery and provide you with a clear plain language overview. Get a better understanding of your co-op's financial health, spot red flags and learn practical techniques to boost transparency, accountability, and engagement.

#### **Giving and receiving feedback in a community setting**

**March 21, 2026 1:00-3:00pm EST**

Learn how to give and receive feedback in ways that strengthen relationships and support real change. This session covers productive vs. unproductive feedback, constructive approaches, managing defensiveness, and receiving feedback—even when it's difficult.

#### **Maintenance 101**

**April 18, 2026 1:00-3:00pm EST**

Understand how maintenance protects your co-op's most valuable assets. Learn about preventative and routine repairs, clear maintenance policies, useful tools like calendars and work orders, and co-op and member responsibilities—including emergency access.
